

MANAGE YOUR OWLS IN THE NEST

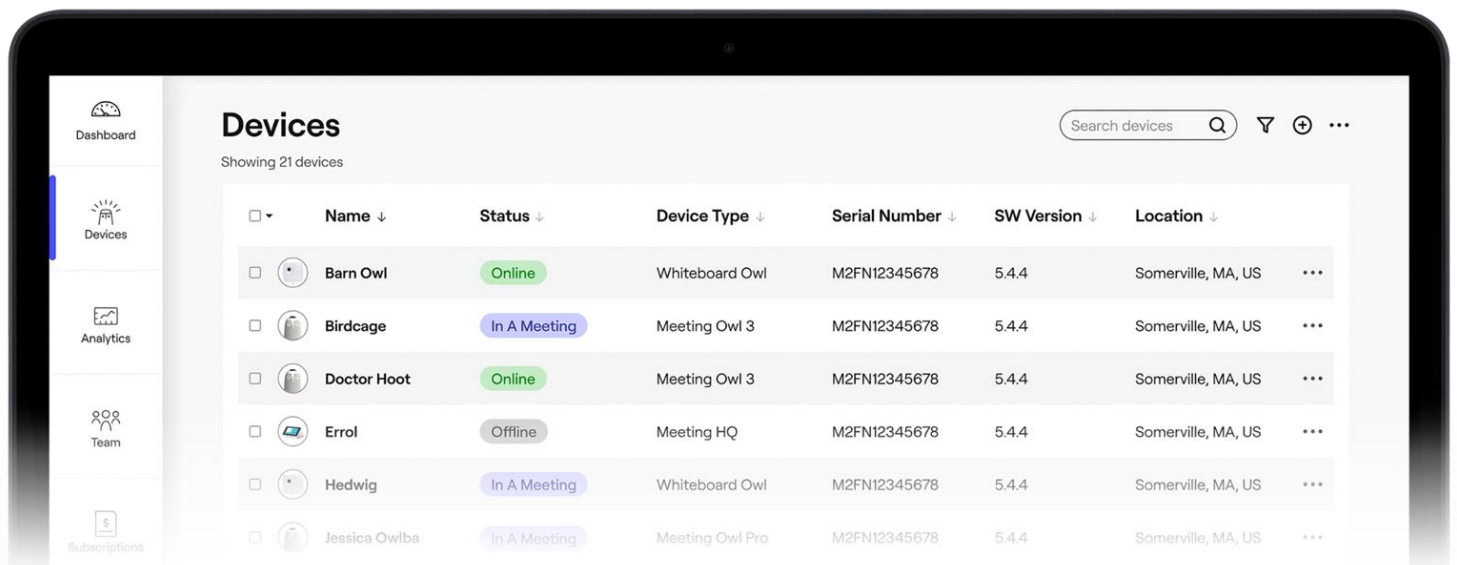

Welcome to The Nest:
Our customer portal that gives you the tools to manage your fleet and support your team.

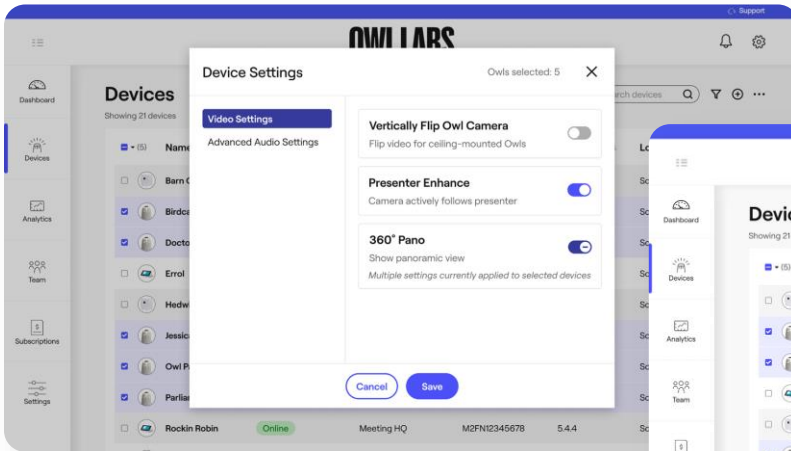

360 DEGREES OF VISIBILITY

- **Stay on top of your tech stack:** See the status all of your Owl Labs devices at-a-glance or deep-dive into specific spaces.
- **Support and manage your technology at scale:** Adjust device settings, update software and troubleshoot your tech remotely.
- **Prevent tech issues before they happen:** See real-time status updates and get notified about errors to keep your meeting spaces online and running smoothly.
- **Get usage insights:** See how your devices are being used to inform your workplace planning and purchasing.
- **Save time and better support your team:** Easily stay on top of your Owl Labs tech and reinvest your time into supporting and innovating for your team.
